

Orbot - Bug #7985

on uninstall/install, Orbot cannot kill processes left running

10/12/2016 05:47 pm - Anonymous

Status:	In Progress	Start date:	06/04/2015
Priority:	Normal	Due date:	
Assignee:	hans	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	v15 - MayPhlowerz	Spent time:	0.00 hour
Component:			
Description			
<p>Sometimes when Orbot is uninstalled, then reinstalled, Orbot gets a new UID. If any old @ or @ or left running, then the new Orbot cannot kill them because they are running under the old UID.</p> <pre>root@grouper:/ # ps grep torproject u0_a99 20968 132 719080 65364 ffffffff 40113844 S org.torproject.android u0_a64 29327 1 960 328 c010d328 401aa8cc S /data/data/org.torproject.android/app_bin/polipo</pre>
